DENVER SAFE FROM THE START

Denver Safe from the Start is a bilingual, school-centered prevention program for children ages three to ten. It is based on the premise that strengthening families helps protect children from abuse and ensure their healthy development. The program works to increase the safety and well-being of children by teaching educators about child abuse prevention. It helps families access resources, providing child development education for parents together with access to critical resources to strengthen families, and teaching young children basic self-protective and healthy living skills. You will have the opportunity to provide one or two schools with Denver Safe from the Start programming. The program will be taught in early childhood classrooms through fifth grade on a weekly basis for six weeks.

FORENSIC INTERVIEWS

Forensic Interviews are of vital importance in the investigation and prosecution of sexual assault and other crimes against children. DCAC's highly qualified forensic interviewers conduct neutral, fact-finding interviews in a welcoming, child-friendly facility. DCAC is a member of the child-focused multidisciplinary team of first responders to reports of child abuse in the Denver metro area. The multidisciplinary approach draws on all of the agencies' collective wisdom and expertise to maximize outcomes for children and their families during the investigative process. In 2022 DCAC conducted 981 forensic interviews; the average cost of one interview is \$500. This sponsorship opportunity allows you to fund this vital program throughout the year.
