2025 FUNDRAISING  
TOOLKIT

April 2025

Join the fight against *child abuse*.

At Denver Children's Advocacy Center (DCAC), we believe that every child deserves to grow up in a safe, supportive environment where they feel belonging and hope. Yet, thousands of Colorado children experience abuse every year. DCAC is working to change this. We prevent child abuse, strengthen families, advocate for children who have suffered abuse, and work tirelessly to ensure all children have the childhood they deserve—one filled with optimism, joy, and happiness. Our Hope Starts Here campaign raises awareness about child abuse, provides education about how to prevent child abuse and inspires others to show up for children who need us. **But we can't start hope here without you. We need your support this April and always.**

**Thank you for your interest in participating in Hope Starts Here to raise much-needed awareness and funds for DCAC! Every dollar makes a difference, and your support is much appreciated!**

This toolkit is intended to make it easier for you to [set up your page](#), raise funds and awareness and invite others to join in Hope Starts Here. In addition to helping fight child abuse, if you raise \$500, you will receive a ticket to Swing for Hope Celebration on May 8th. [Swing for Hope](#) will feature an award ceremony, happy hour drinks, two hours of Topgolf play, and a delicious catered buffet dinner. Raise \$1,000 and receive limited edition DCAC Art Coasters. Raise \$4,000 and receive 6 tickets to Swing for Hope.

### Individual fundraising page template (already on your default fundraising page)

Every child deserves a childhood filled with hope. Yet, thousands of Colorado children experience abuse every year. They need us to speak up, step up, and show up. That's why I have created this Hope Starts Here fundraising page to raise much-needed awareness and funds for the Denver Children's Advocacy Center (DCAC) during Child Abuse Prevention Month (April).

Why DCAC? DCAC prevents child abuse, strengthens families, advocates for children who have suffered abuse, and works tirelessly to ensure all children have the childhood they deserve—one filled with optimism, joy and happiness. This past year, they:

- Reached 5,308 children, 541 parents, and 430 teachers through their community outreach and prevention work.
- Conducted 843 forensic interviews.
- Provided case management, mental health assessments, and treatment for 614 clients.

Why should you give?

- 1 in 4 girls and 1 in 13 boys will experience sexual abuse at some point in childhood. And most won't tell anyone for years—if ever.
- Roughly 9 out of 1,000 children in Colorado suffer from abuse or neglect, and yet we know this number is well lower than the actual cases of abuse as underreporting of child abuse is still high post-pandemic.

How your donation makes an impact:

- \$5 provides snacks for 5 children or art supplies for one therapy session
- \$25 provides child abuse prevention education for one child
- \$50 provides transportation to DCAC for a family to receive services
- \$125 provides a therapy session for one child
- \$500 provides prevention programming for one classroom
- \$900 provides a forensic interview and victim advocacy for one child
- \$3,000 provides a full day of therapy sessions at DCAC
- \$5,750 provides a full treatment cycle for one child
- \$10,000 provides prevention programming for one school
- \$60,000 provides a full month of therapy sessions for DCAC clients

For Hope Starts Here, I aim to raise \$xxxx for DCAC. **Donate today.**

**Can't give? Please share my page with 3 friends!** I truly appreciate your support. **Together, we can give kids the hope they deserve.**
