

Host a Collection Drive for the DCAC Family Market

Support Children and Families on Their Healing Journey

The Denver Children's Advocacy Center's Family Market provides free essential items to children and caregivers receiving services at DCAC. Families can "shop" for everyday necessities during difficult times, helping reduce stress and meet basic needs while they focus on healing. By hosting a collection drive, you can help ensure our shelves stay stocked and ready for families when they need support most.

How It Works

1. Choose a location for your collection drive.
2. Post the DCAC Family Market flyer.
3. Collect new, unopened items.
4. Deliver donations to Denver Children's Advocacy Center during business hours at 2149 Federal Blvd.

Check out our website for more information:
